Acknowledgments

The author gratefully acknowledges invaluable critique of the manuscript, with many useful suggestions, by Mark L. Wolraich, MD, Professor of Pediatrics and Director of the Division of Child Development, Department of Pediatrics, Vanderbilt University, and by Richard Kern, MD, practicing pediatrician, Columbus, Ohio.

This book has been prepared and is presented as a service to the medical community. The information provided reflects the knowledge, experience, and personal opinions of the author, L. Eugene Arnold, MEd, MD, Professor Emeritus of Psychiatry, Ohio State University, Columbus, Ohio.

This book is not intended to replace or to be used as a substitute for the complete prescribing information prepared by each manufacturer for each drug. Because of possible variations in drug indications, in dosage information, in newly described toxicities, in drug/drug interactions, and in other items of importance, reference to such complete prescribing information is definitely recommended before any of the drugs discussed are used or prescribed.
